

SchureMed Softcare Plus Stretcher Pads

Stock Photo - Options May Vary

FACTORY NEW

SchureMed Softcare Plus Stretcher Pads. SchureMed offers a line of Softcare Plus stretcher pads with the “waterfall design,” which means no top-edge seams for enhanced infection control. All stretcher pads have four rounded/contoured corners to fit most stretchers.

SchureMed stretcher pads meet a variety of PACU, Endoscopy, and Ambulatory/Same Day/Outpatient Surgery Room applications. These Softcare Plus Stretcher Pads are also ideal for Operating Room, Extended Stay, and Emergency Room applications. These Softcare stretcher pads have multiple layers of foam with an anti-microbial cover.

The Softcare Plus stretcher pad surfaces are available in multiple lengths and thicknesses, fitting most manufacturers’ stretchers.
