Stryker Superior Wrist Rest – Refurbished | 1068-250

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Stryker Superior Wrist Rest – Refurbished (Model 1068-250). The Stryker Superior Wrist Rest supports ophthalmic and head and neck surgeries. Additionally, this wrist rest easily inserts into the head section of most Stryker eye, head, and neck surgery stretchers.

Furthermore, it provides stable support for the patient throughout the procedure. Moreover, its ergonomic design helps take pressure off the patient's wrists, improving comfort and easier access during surgery. In addition, this refurbished model is built to last.

As a result, staff gain better precision while keeping the patient more comfortable during procedures.

FEATURES

- Inserts into Head Section for Stable Support
- Ergonomic, Wrist-Supportive Design
- Refurbished for Durability and Reliability
- Lightweight, Easy to Attach or Remove

SPECIFICATIONS

- Model Number: 1068-250
- Compatibility: Most Stryker Eye, Head, and Neck Surgery Stretchers
