Tuttnauer 3870M Manual Autoclave

Stock Photo – Options May Vary

FACTORY NEW

Tuttnauer 3870M Manual Autoclave – New. This is the largest tabletop autoclave in Tuttnauer's manual lineup. It's built for multi-doctor practices, busy clinics, and surgery centers.

In addition, its large 15″ x 30″ chamber and 85-liter capacity hold 15 cassettes or long instruments with ease. The 3870M autoclave shuts off on its own at the end of both the sterilization and drying cycles. Meanwhile, a double-locking system and dual thermostats stop the door from opening under pressure and guard against overheating.

As a result, staff get safer daily operation.
