

Tuttnauer Internal Printer | 1610100

FACTORY NEW

Tuttnauer Internal Printer Model Number: 1610100. The Tuttnauer Internal Printer offers cycle documentation for compliance and record-keeping. It logs date, time, temperature, and pressure to ensure accurate sterilization records.

Stock Photo - Options May Vary

This internal printer is compatible with several Tuttnauer autoclave models, including the EZ9, EZ10, EZ10K Fully Automatic Kwiklave, and the Tuttnauer 3870EA Fully Automatic Autoclave. Furthermore, it's a reliable choice for clinics, dental offices, and medical facilities that require traceable sterilization data for audits or inspections. The 1610100 package has the printer, cables, and screws for easy installation.

Moreover, setup is simple and quick, with no need for extra help.
