

# Tuttnauer Ultrasonic Cleaning Tablets

Stock Photo - Options May Vary

## FACTORY NEW

Tuttnauer Clean & Simple Ultrasonic Cleaning Tablets provide an easy, effective ultrasonic and enzymatic cleaning solution in convenient tablet form. Simply add two tablets to warm water to create one gallon of powerful cleaning solution that breaks down proteins and organic matter including blood, mucus, and tissue. The tablets dissolve in approximately one minute, thoroughly cleaning and deodorizing all evacuation equipment.

These cleaning tablets are formulated to be non-toxic, biodegradable, and non-caustic, ensuring safety in medical environments while remaining anti-corrosive and compatible with ultrasonic cleaning systems. The tablet format eliminates the need for heavy handling, mixing, and storage of liquid concentrates, making the cleaning process safer and simpler for clinical staff.

Tuttnauer offers Clean & Simple Ultrasonic Cleaning Tablets in two sizes to accommodate different clinical needs and facility volumes.
