

UMF 24" Modular Base Cabinet w/ Sink | 6024

Stock Photo - Options May Vary

FACTORY NEW

The UMF 24" Modular Base Cabinet with Sink (Model 6024) is a durable healthcare casework solution built with 20 gauge all-steel construction. It features a stainless steel sink with chrome-plated goose-neck Chicago faucet and wrist blade handles, paired with a seamless high-pressure laminate countertop and 4" backsplash.

The cabinet includes commercial-grade, adjustable, spring-assisted door hinges with interchangeable door fronts available in multiple colors. This modular design allows for easy addition of one or more sinks to any room, making it adaptable to various healthcare facility layouts.

Built to promote efficiency and reliability in healthcare service delivery, the cabinet comes with a 3-year limited warranty and is manufactured in the USA.
