Champion Phlebotomy Chair | The Unity

Stock Photo – Options May Vary

FACTORY NEW

The Champion Unity Bariatric Phlebotomy Chair is a heavy-duty workstation that offers extra width and superior strength for patients of all sizes. It delivers a secure and dignified experience during blood draws or medical screenings. You will appreciate how the robust design maintains a professional look in your clinic.

Consequently, your facility can serve a diverse patient population with total confidence. The extra-wide upholstered seat of the Unity Phlebotomy Chair ensures maximum comfort for every individual. Patients feel more relaxed when they have ample space and soft support.

Furthermore, the flip-up armrest allows for easy entry and exit without physical barriers.

FEATURES

• Bariatric Capacity: Supports up to 450 lbs to accommodate a wider range of patients safely
• Extra-Wide Seating: Provides 24.25 inches of seat width for increased patient comfort and dignity
• Flip-Up Armrest: Swings out of the way to facilitate easier lateral transfers and access
• Adjustable Arm Height: Customizes the venipuncture site to the clinician's preferred working height
• Upholstered Padding: Features high-quality foam and vinyl for a soft and supportive patient experience
