

Winco Gas Lift Stool without Back | 4300

Stock Photo - Options May Vary

FACTORY NEW

The Winco Gas Lift Stool Model 4300 is an adjustable seating solution designed for healthcare and clinical environments. The stool features a 3-inch high-density foam padded seat upholstered in durable vinyl, providing comfort during extended use. A smooth-operating gas lift mechanism enables effortless height adjustment via one-touch fingertip control.

The stool is built on a rugged five-legged star base with 2-inch twin-wheeled casters for easy mobility across facility floors. The contemporary design accommodates a maximum weight capacity of 250 pounds and is available in multiple vinyl color options to coordinate with facility décor.

Key specifications include a seat height range from 16.5 to 21.75 inches and a 16-inch seat diameter. The high-impact plastic base measures 22 inches in width and depth, with a total weight of 14 pounds.

FEATURES

- "One-touch" height adjustment
- Smooth operating gas lift
- Comfortable padded seat
- 5-star wheelbase
- Twin wheel casters
