Winco Optional Material that Meets Flammability Test for Seating | TB

Stock Photo – Options May Vary

FACTORY NEW

Winco Optional Material that Meets Flammability Test for Seating: TB (formerly TB-133). This material meets ASTM E-1537 / NFPA 101 Flammability Requirements. Additionally, products manufactured with this option meet California Technical Bulletin 133 Flammability Test Procedure for Seating Furniture in Public Occupancies, as outlined in the document published by the State of California Department of Consumer Affairs Bureau of Home Furnishings and Thermal Insulation.

This ensures compliance with stringent safety standards for public seating environments. Please Note: Sold Separately for an Additional Charge. Call or request a quote for pricing, and specify the model of the recliner.

We aim to ensure you receive the best value and tailored options for your needs.

*Brochure and images are a general overview of the product. Actual product options may vary.
