Winco Recliner Optional IV Pole and Attachment | IV

Stock Photo – Options May Vary

FACTORY NEW

Winco Recliner Optional IV Pole and Attachment: IV. The Winco IV pole and attachment are designed specifically for Winco Recliners and Chairs, providing a secure and convenient option for administering IV treatments. The pole offers a durable and reliable solution for healthcare settings, ensuring that medical professionals can easily access and manage IV lines while maintaining patient comfort.

The attachment is easy to install and adjusts to suit various recliner models. The IV pole is perfect for patient rooms, treatment areas, or clinics where flexible, safe IV administration is necessary.

The sturdy design maintains stability even when patients adjust their positions. Easily move or detach the attachment for convenience.
