Winco Recliner Optional Side Cushion | SC00

Stock Photo – Options May Vary

FACTORY NEW

Winco Recliner Optional Side Cushion: SC00. Winco's side cushion is made of the same durable vinyl used on our chairs and comfortable medium-density foam.

Designed to fit many of our chairs to prevent the lateral displacement of the patient's body and is intended to provide additional comfort. Available in all Vinyl colors which are used on their chairs.

Winco's Optional Recliner Side Cushion Features: This side cushion is especially suited for smaller clients requiring additional support and greater comfort. It may be used on either side of the patient.
