## **FACTORY NEW**

Zimmer Compatible Dual Tourniquet Hose/Blue - New. The Zimmer-Compatible Dual Tourniquet Hose delivers strong performance and dependable connectivity for surgical teams. This new VBM dual hose features Positive Locking Adapters (PLA) that create secure, accurate connections. As a result, clinicians gain reliable airflow and confident control during tourniquet procedures.

Additionally, the hose integrates smoothly with Zimmer tourniquet systems, which support efficient setup in busy operating rooms. This dual hose measures 10 feet (3 meters), so staff members can position equipment comfortably without strain. The flexible length also supports clean routing around surgical tables and carts.

Furthermore, the high-quality construction helps the hose withstand demanding clinical use.
