Steris CMAX Surgical Table – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Steris CMAX Surgical Table – Refurbished. The refurbished Steris CMAX surgical table offers strength, reliability, and modern functionality. Moreover, with a 1,100 lb weight capacity (in normal position), it supports a wide range of procedures.

Additionally, key features include wired hand control, battery operation, hydro-electric brakes, and a sliding tabletop for C-arm compatibility. It also features Return to Level, North American side rails, and fits most surgical accessories. Because of its modern design and cost-effectiveness, this refurbished surgical table suits many clinical environments.

Its wide range of movements gives surgical teams the flexibility to adjust positioning quickly during procedures.
