

Midmark 417 Power Podiatry Chair/Table - Refurbished

The Midmark Ritter 417 Power Podiatry Chair/Table for decades, Health Care Professionals have come to rely on the quality, durability, and dependability of Midmark's products to enhance efficient patient care consistently. The Midmark 417 power podiatry chair was made just for podiatrists. The foot extension is adjustable making it easy to position the patient's feet exactly where needed.

The 417 has a convenient low height (22.5"), which makes it easy and safe for patients to get on and off the table. The Midmark Ritter 417 also has a high height range of 41" (the foot section can be as high as 58" when the table is at maximum height and in tilt). The standard foot control makes positioning easy for the operator. The foot control operates height, tilt and back adjustments, and two programmed positions.

The Midmark 417 comes fully refurbished with new upholstery and a comprehensive warranty.
